“METAPHYSICS”

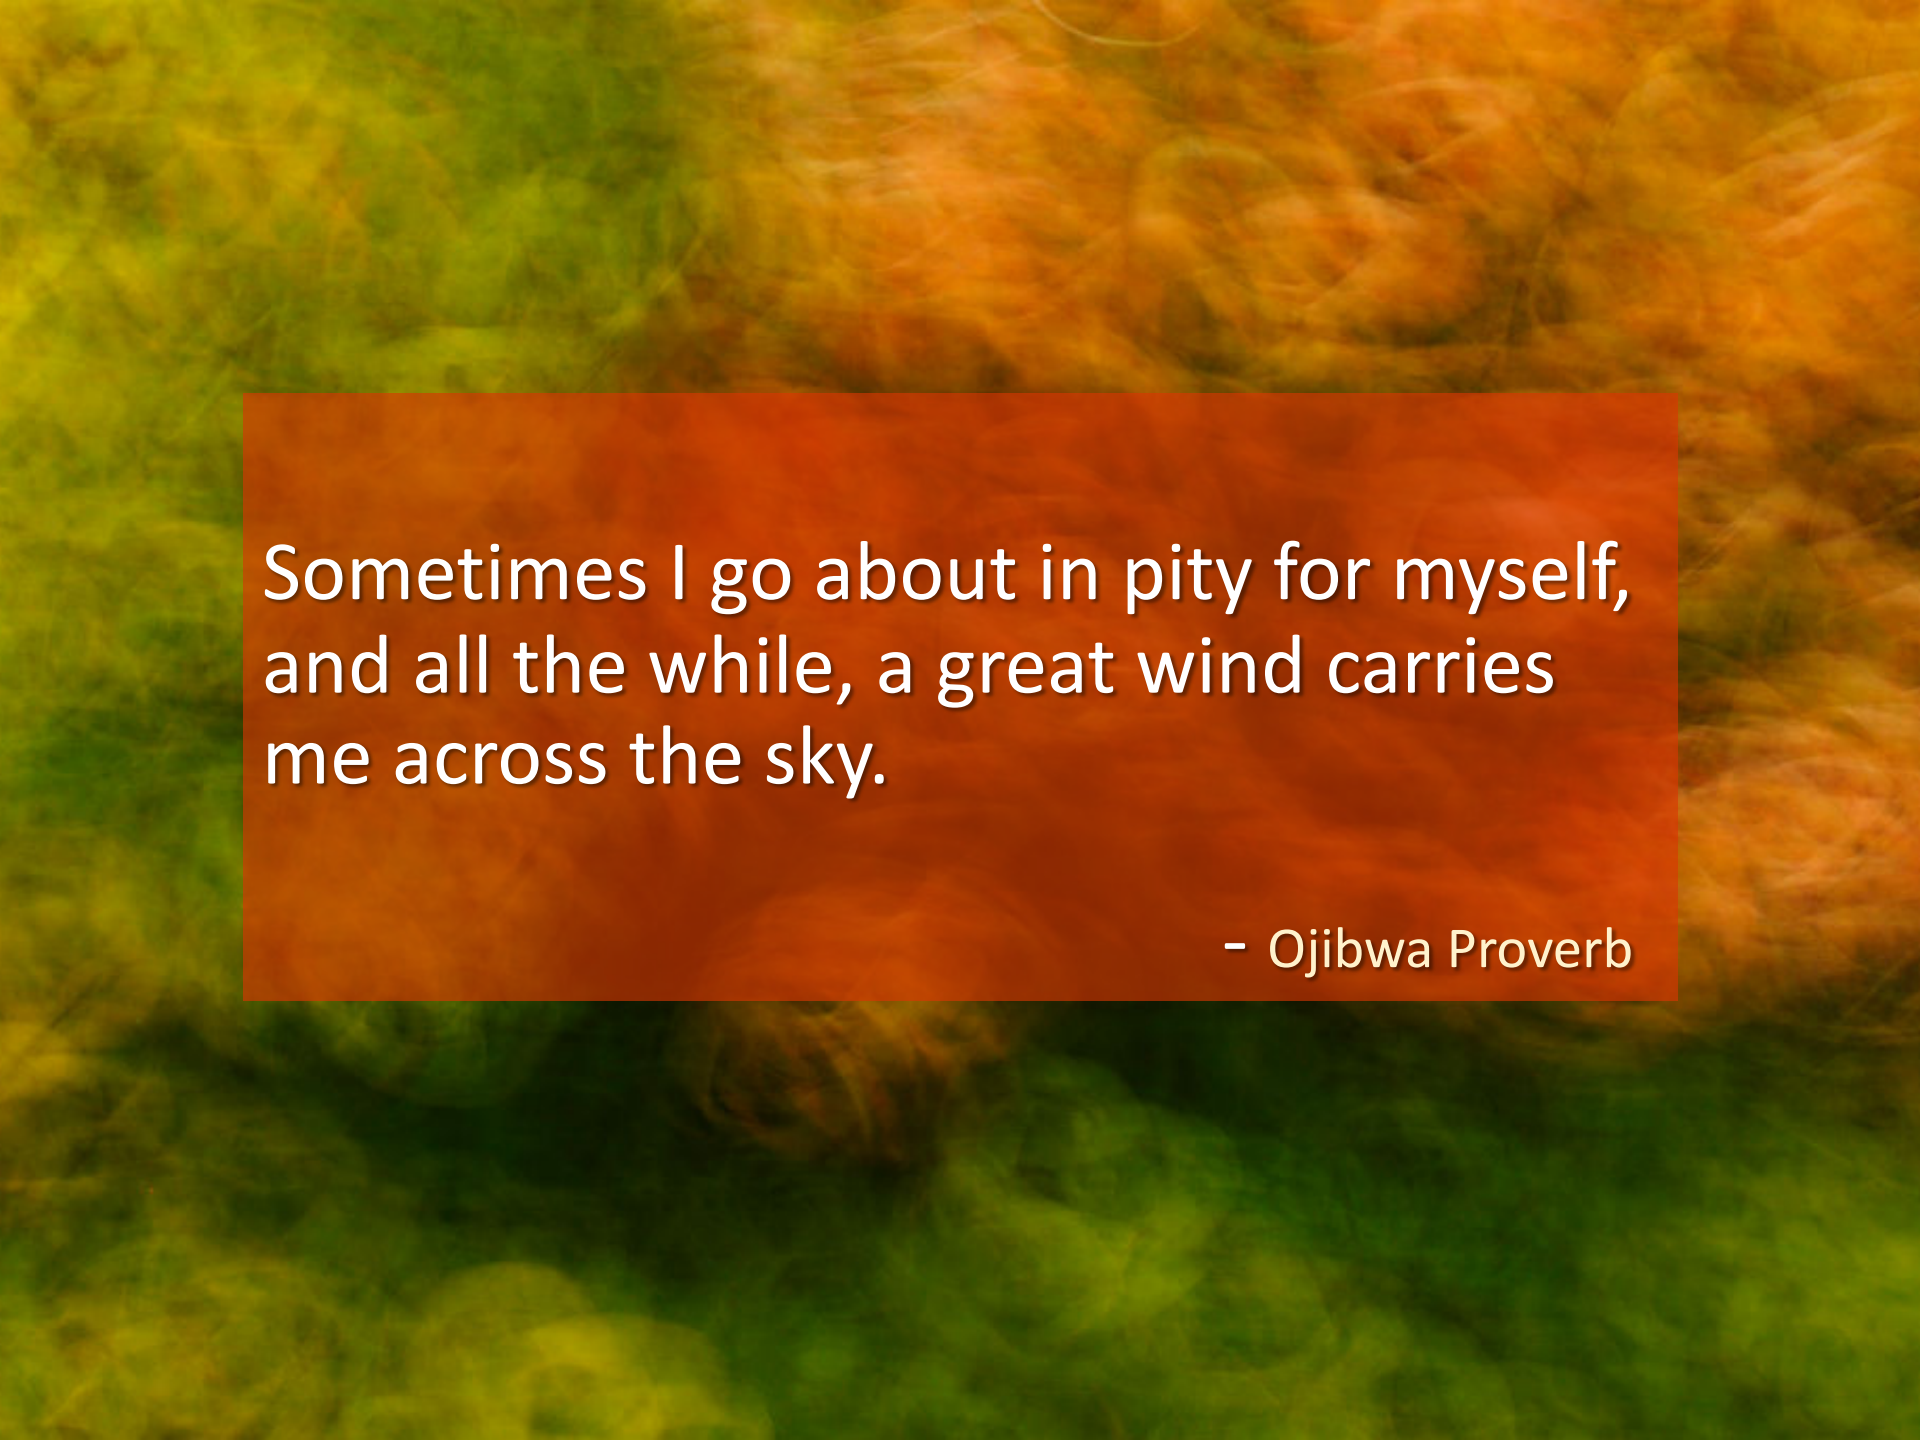

- Study of Ultimate Reality beyond the physical realm
- The nature of Being
- How we exist
- Absolute vs. Relative

Absolute v. Relative

Absolute Truth consists of the sum total of all Divine Ideas in their original purity and power. Divine Ideas are the fundamental eternal Truth that underlie and transcend all physical manifestation. In the Absolute we can never be sick, poor or anything less than the perfect Divine Ideas that exist in Divine Mind.

Relative truth is that aspect or dimension that we experience in the physical realm. It is constantly changing. The Relative truth deals in the world of human thoughts and feelings, where we *can* experience sickness, poverty and death.

Paul Hasselbeck – *Heart-Centered Metaphysics*

Sometimes I go about in pity for myself,
and all the while, a great wind carries
me across the sky.

- Ojibwa Proverb

It is God who calls things that are not
as though they were.

Rom. 4.17

By faith we understand that the worlds
were prepared by the word of God,
so that what is seen was made
from things that are not visible.

Heb. 11.3

The Law is always at work...

Thoughts held in mind produce in kind.

Let it be done to you according to your belief.

We create our life experience
through our thoughts, feelings and beliefs.

What I know, believe, fear or give power to...

I become, attract, create or are subject to.

In recent decades we've learned that *feeling* has more to do with creating our experience than *thought*. After all, the Universe does not speak English; it does not need words at all. It operates as a field of energy, and so do we. Imagine yourself as a tuning fork. Your feelings in any given moment set up a vibrational tone. The Universe picks up the tone and hums along, amplifying your sound.

Ellen Debenport – *The Five Principles*

Creating Intentional Change

This illness has no power over me. Divine Life renews my body with strength and harmony.

There is no shortage in God's infinite presence. Divine Substance is my instant, constant and abundant Source of good.

All people are expressions of the Divine and I see God's goodness within each heart.

There is only one Presence and one Power working in my life, the all-loving wisdom of God.

Divine Life flows freely, renewing and refreshing our earthly home as I care for it with love and wisdom.

Desire in the heart for anything is God's sure promise sent beforehand to indicate that it is yours already in the limitless realm of supply and whatever you want you can have for the taking.

Emilie Cady – *Lessons in Truth*

Even God can give you nothing until you make up your mind about what you expect.

Ernest Holmes – *How To Change Your Life*

**With God as my Source, I can turn
any change into a change for good.**
