

The image features a dark background with three horizontal stripes of color: red at the top, green in the middle, and yellow at the bottom. The stripes have a textured, brush-stroke appearance. Overlaid on these stripes is the text "BLACK HISTORY MONTH" in large, white, bold, sans-serif capital letters. The text is arranged in three lines: "BLACK" on the red stripe, "HISTORY" on the green stripe, and "MONTH" on the yellow stripe.

**BLACK
HISTORY
MONTH**

I have a dream that black history month becomes obsolete. As contributors of all races, colors, & creeds are honestly and accurately given a place in history, we'll see more equality in schools, economy, in our communities, there will be an awakening that each of us is God expressing regardless of the color of our skin.

Rev. Sheree Taylor Jones

Black history is American history. Let's celebrate accomplishments of African Americans all year round and normalize excellence and high achievements of individuals of African descent.
