Group placements are determined by soul level. Members of the same cluster group are closely united for all eternity. These tightly knit clusters are often composed of likeminded souls with common objectives which they continually work out with each other. Usually they choose lives together as relatives and close friends during their incarnations on Earth.

I never heard Om's voice directly nor saw Om's face. It was as if Om spoke to me through thoughts that were like wave-walls rolling through me, rocking everything around me and showing that there is a deeper fabric of existence – a fabric that all of us are always part of, but which we're generally not conscious of.

We *already are* what we spend our lives trying to attain, but we just don't realize it. On Earth I was completely disconnected from who I was or what I wanted, because everything I did was designed to win approval. The realm I experienced when my body shut down allowed me to see my own magnificence, undistorted by fear. I became aware of the greater power I had access to. I saw myself as a beautiful child of the universe. Just the fact that I existed made me deserving of unconditional love.
