JESUS TAUGHT TREATMENT THROUGH SOWING AND REAPING

1. God's garden has the potential to demonstrate any plant I can conceive of.
2. I choose a seed (idea) of a plant I desire to experience.
3. Using the principle of sowing and reaping, I plant my chosen seed in the soil (THE LAW)
4. I give thanks for the principle of sowing and reaping which assures that my seed must result in the plant I desire.
5. In calm assurance I tend my garden, weeding it of doubt and fear, watering it with calm assurance and faith until my beautiful plant appears.
