

**There is only  
one Presence and one Power  
In the Universe and in my life...  
the all-loving Goodness of God.**

“There is a Power in the Universe that honors our faith in It: there is a Law in the Universe which exacts the “uttermost farthing.”

Dr. Ernest Holmes

“Our thought is operated on by a universal creativity which is infinite in its capacity to accomplish.”

Dr. Ernest Holmes

“There is one mental law in the Universe,  
and where we use it, it becomes our law  
because we have individualized it.”

Dr. Ernest Holmes

When we change the way we think about the conditions in our lives, the conditions in our lives change.

“Hence, it follows that if we believe that It will not work, It really works by appearing to “not work.” When we believe that It cannot and will not, then, according to the principle, it DOES NOT. But when It does not, It still does – only It does according to our belief that It will not.”

Dr. Ernest Holmes

I trust that the Law  
is providing for my good.
