# Expressing Yourself

Lee Hall – Elton John

**Start a new fashion, buck all the trends**

**Emphasize integrity**

**What's wrong with expressing yourself?**

**For wanting to be me...for trying to be free?**

**Everyone is different, it's the natural state**

**It's the facts, it's plain to see**

**The world's gray enough**

**without making it worse**

**What we need is individuality!**

**Individuality is the true self; that which is undivided from God; our spiritual identity; the God part of us; a distinct entity or particular manifestation of divine Principle. Every time we rise to the realization of eternal, indwelling life, making union with Divine Mind, the resurrection of Jesus takes place within us.**

Charles Fillmore – *The*

*Revealing Word*

**However small your capabilities may seem at present to you, you are just as much a necessity to God in His efforts to get Himself into visibility as is the most brilliant intellect, the most thoroughly cultured person in the world. Remember this always, and act from the highest within you.**

*Emilie Cady – Lessons In Truth*

ELECTRICITY – Lee Hall/Elton John - I can't really explain it, I haven't got the words. It's a feeling that you can't control. I suppose it's like forgetting, losing who you are...And at the same time something makes you whole. It's like there's music, playing in your ear--

And I'm listening, and then I disappear. And then I feel a change, like a fire deep inside, something bursting me wide open, impossible to hide. And suddenly I'm flying, flying like a bird, Like Electricity, Sparks inside of me, and I'm free, I'm free

**Individuality in another not only produces in you an admiration for its superiority, but when you are in its presence, it also gives you a strange new sense of your own inherent possibilities, a sense that is full of exhilaration and comfort and encouragement to you. This is because a pronounced individuality simply means more of God come forth into visibility through a person, and by some mind process it has power to call forth more of God through you.**

*Emilie Cady – Lessons In Truth*

**You are not your body. You are not your thoughts. You are not what you feel, not your experience, or your role. You are the Spirit of Life itself, dancing in the clay, delighting in the glorious experience of incarnation, exploring the realms of matter, blessing the Earth, and all therein.**

# Blessed Always

Rickie Byars © 2001

**Blessed always, blessed always  
For the arms of God surround us.  
Let our joy be so triumphant  
That we rest in God and say Amen.**

**(Repeat)**

**Let our joy be so triumphant  
That we rest in God and say Amen.**

**My True Self  
shines Its bright  
Light within and  
I am free  
to be Me!**
