Unity's Third Principle

If you believe that what you say will come to pass, it will be done for you.

Mark 11.23

Man does not create anything if by this term is meant producing something from nothing; but he does make the formless up into form; or rather it is through his conscious cooperation that the one Mind forms its universe.

Engaging your Being

Say what you want to say rather than overthinking it. Use what God gave you. Get deep down to your center – the place you cry from, the place you laugh from, the place you dance from. Feel it, but don't try too hard. Don't push. It must come from the core of who you are. Then you are in the zone, connecting to the One, using your true voice.
