Metaphysics

**THE PRAYER OF FAITH - by Hannah More Kohaus – read by Myrtle Fillmore**

God is my help in every need;  
God does my every hunger feed;  
God walks beside me, guides my way  
through every moment of the day.  
I now am wise, I now am true,  
patient, kind and loving too.

All things I am, can do, and be  
through Christ, the Truth that is in me.  
God is my health, I can't be sick;  
God is my strength, unfailing, quick;  
God is my all; I know no fear,  
since God and love and Truth are here.

## Metaphysician

If physics is the study of the physical world, describing the properties and interactions of physical objects, **meta-physics** is concerned with describing the principles that make these objects and properties possible in the first place.

A **metaphysician** studies the fundamental nature of existence and how to change *physical* reality by working with the principles, powers and 'things' that *underlie* it, especially the mind or psyche.

By faith we understand that the universe was formed at God's command, so that what is seen was made out of what was not visible.

Hebrew 11.3

## PRAYER OF FAITH

I do not believe in evil. I believe in Good.

I do not believe in sin. I believe in Truth.

I do not believe in want. I believe in Abundance.

I do not believe in death. I believe in Life.

I do not believe in ignorance. I believe in Intelligence.

There are no discords in my being. Being is peace.

My faith, understanding, and love are becoming one.

“What therefore God hath joined together,  
let not man put asunder.”

Myrtle Fillmore

The religionist starts out with the great axiom "God is All – all Good, all Power, all Wisdom, all Presence." Then, when he takes up the problems of life, he introduces false quantities and establishes false theorems, for he says: "There is a quantity in life called evil which equals good in power." Now, do you see what a mess he makes of it when he goes to form an equation? He started out with the axiom that God is all and God is good. Good plus evil is both a logical and mathematical absurdity. Where good is, evil (its opposite) cannot exist.

**“I do not believe in sin, I believe in Truth.”**

We destroy arguments and every proud obstacle raised up against the knowledge of God and we take every thought captive to obey Christ.

2 Cor. 10.5.

**I reject every error thought and keep my mind on divine Truth.**

**“I do not believe in want,  
I believe in Abundance.”**

The substance of God is everywhere present, as inexhaustible and free as the air we breathe. God's unfailing and abundant substance is bountifully able to fulfill every need. We take the substantial reality and bring it through into the manifest world.

Myrtle Fillmore

**I reject every error thought and keep  
my mind on divine Abundance.**

**“I do not believe in death,  
I believe in Life.”**

God is life; we make that life into living. God in me is the Power, omnipresent, ever-active, all-sufficient, and ready to meet my every need.

Myrtle Fillmore

**I reject every error thought and keep  
my mind on divine Life.**

**“I do not believe in ignorance,  
I believe in Intelligence.”**

As you change your thinking and bring it into line with Truth principles, a transformation will take place in your consciousness. Your mind will become illumined and you will be inspired with practical ideas that will enable you to succeed in a larger way.

Myrtle Fillmore

**I reject every error thought and keep  
my mind on divine Intelligence.**

When you drop thoughts of conditions and center your attention in God, and think God only, and give thanks that God only is expressing and manifesting everywhere in the Universe, you will speedily dissolve the old error beliefs and their counterparts in the manifest world.

This is communion with God – an attitude of mind and heart that will lift you into a wonderful sense of oneness with God. And when the soul is lifted up and becomes positive, the body and the affairs are readily healed.
