

Myrtle's Metaphysics

A metaphysician studies the fundamental nature of existence and how to change *physical* reality by working with the principles, powers and 'things' that *underlie* it, especially the mind or psyche.

Our affairs are just an extension of consciousness and as a man thinks in his heart, so is he in the mind, body and affairs. Whatever we think of ourselves, others and the world in general, makes conditions, and draws them to us.

There is no such thing as bad luck or chance in our lives. Everything is based on law – the law of cause and effect.

Myrtle Fillmore

THE LAW of CAUSE and EFFECT

Physics - For every movement of energy there's a corresponding effect.

Jesus – For the measure you give will be the measure you get back.

Paul – You shall reap whatever you sow.

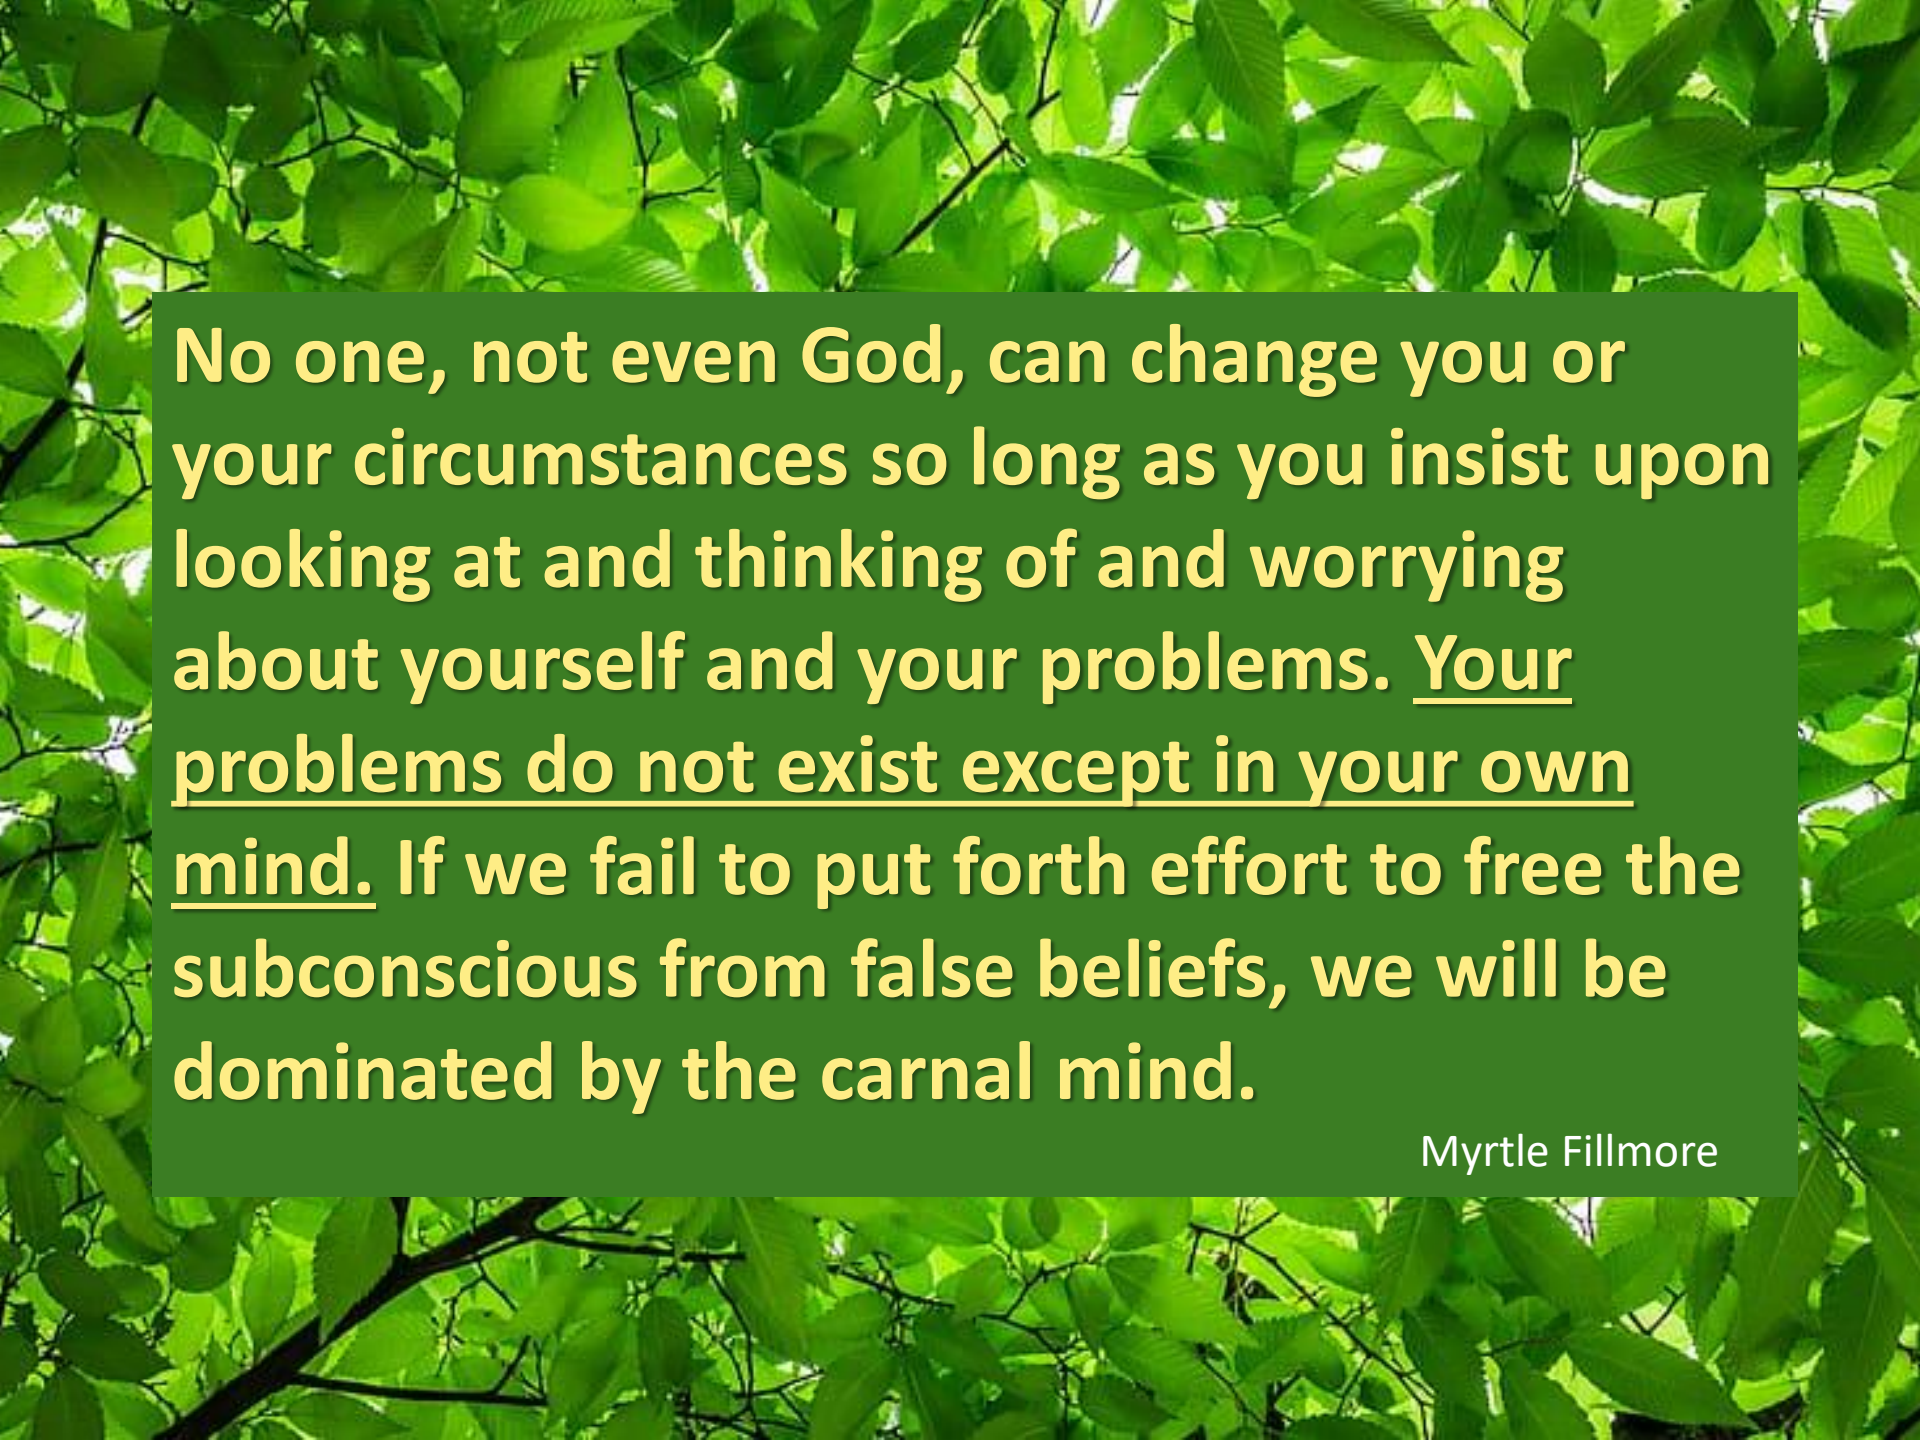

Ralph Waldo Emerson – Each person is compensated in like manner for that which he or she has contributed. You will always be compensated for your efforts and for your contribution, whatever it is, however much or however little.

THE LAW of FREE WILL

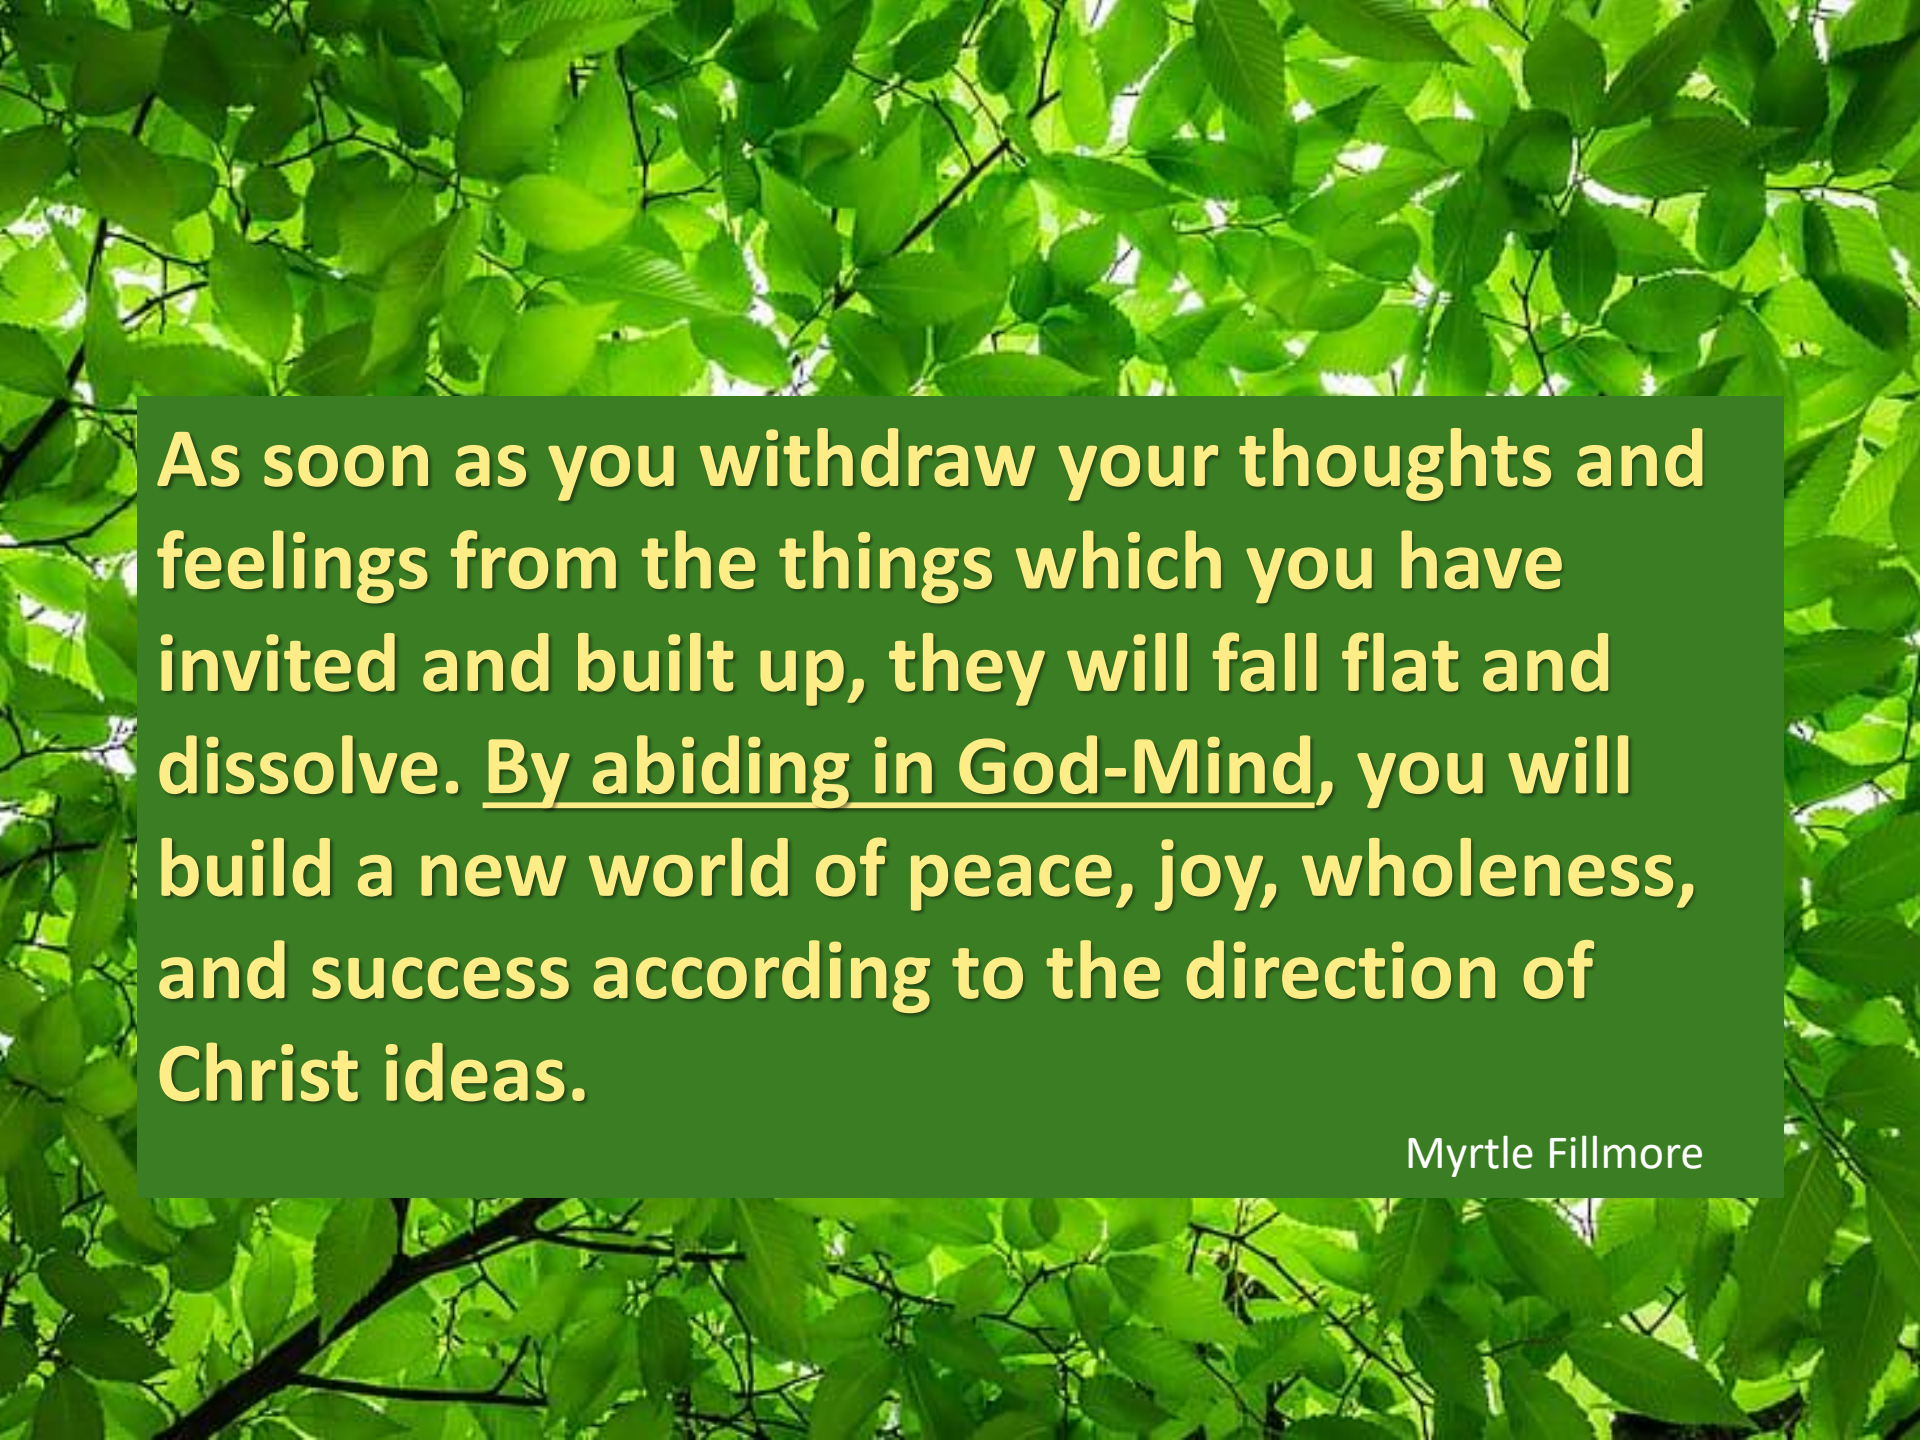

My outer world corresponds to my consciousness and I have total control of my consciousness. My life is controlled by what takes place within the mind.

Myrtle Fillmore

No one, not even God, can change you or your circumstances so long as you insist upon looking at and thinking of and worrying about yourself and your problems. Your problems do not exist except in your own mind. If we fail to put forth effort to free the subconscious from false beliefs, we will be dominated by the carnal mind.

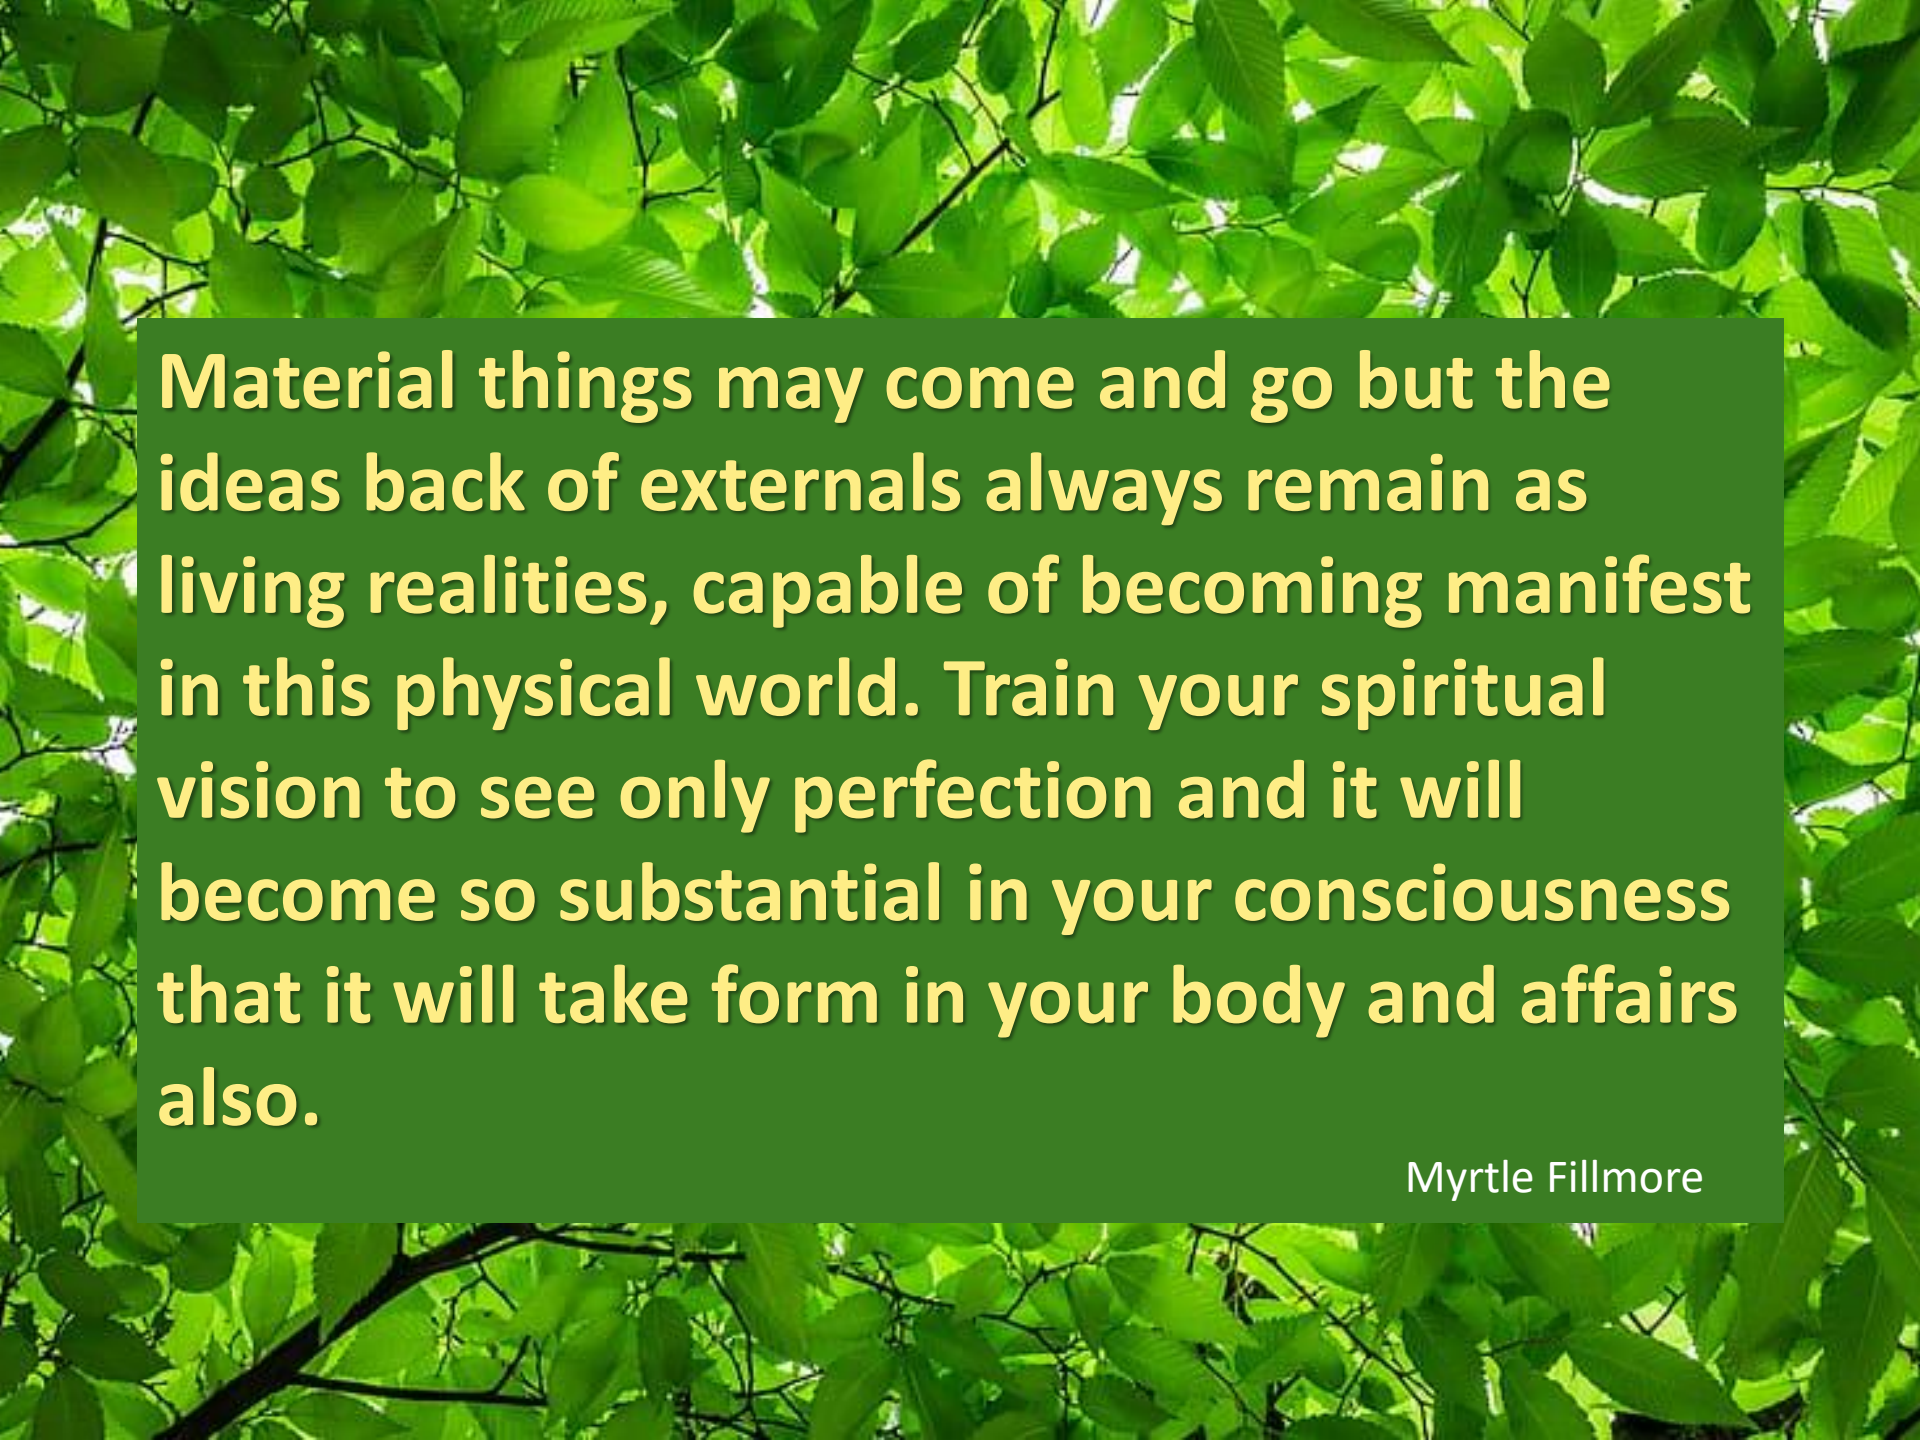

Myrtle Fillmore

As soon as you withdraw your thoughts and feelings from the things which you have invited and built up, they will fall flat and dissolve. By abiding in God-Mind, you will build a new world of peace, joy, wholeness, and success according to the direction of Christ ideas.

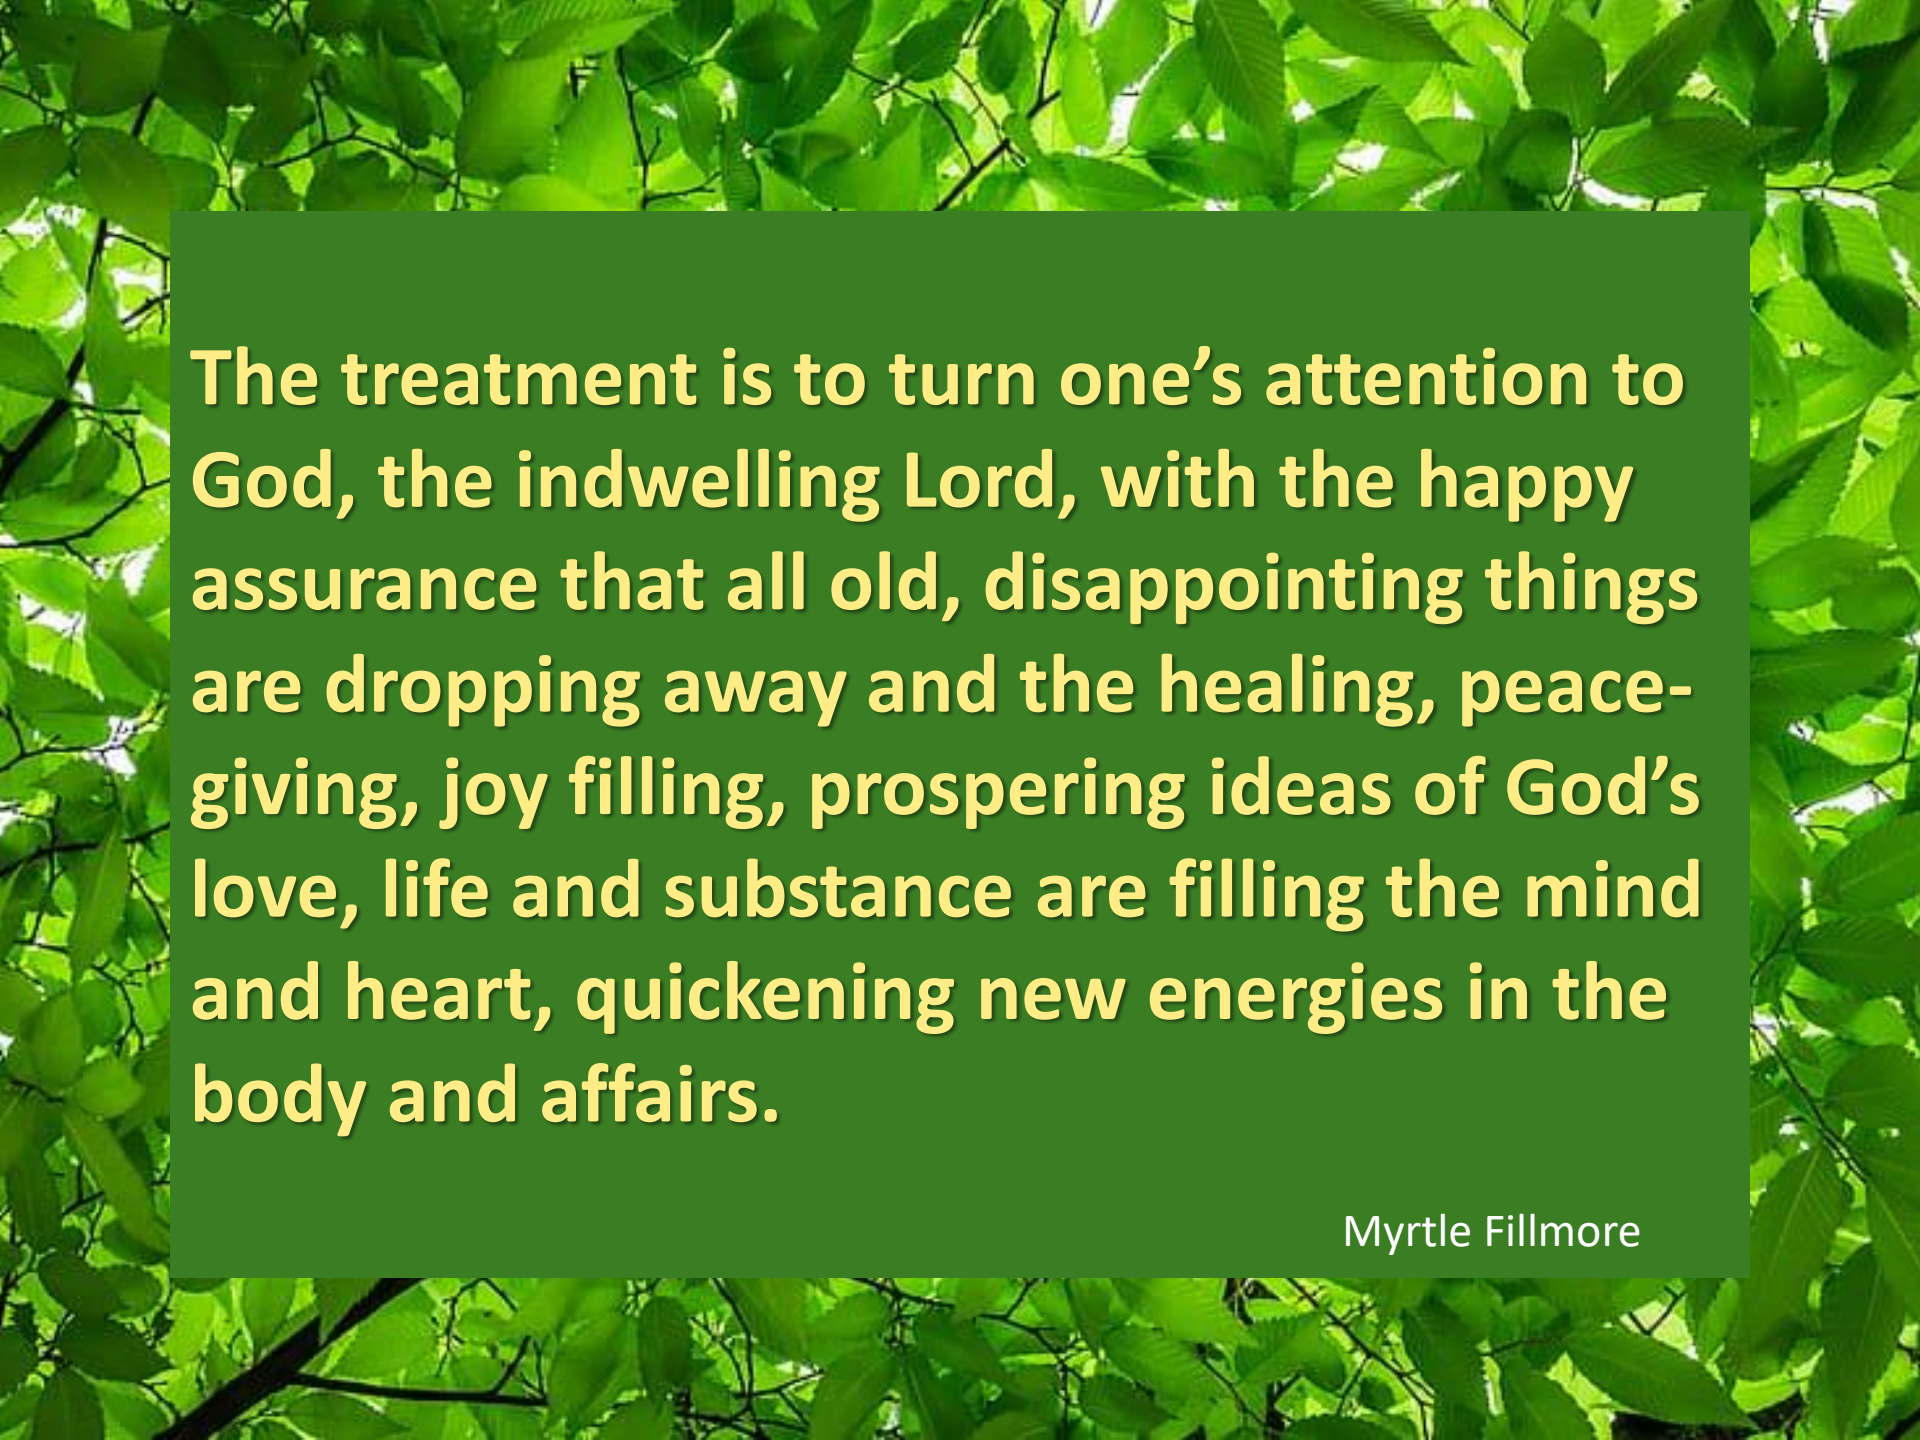

Myrtle Fillmore

God is all goodness and everywhere present. God is the loving Creator, and I am an expression of God's attributes of life, love, truth, and intelligence. In God is all health, strength, wisdom, and harmony, and as God's creation, all these become mine by a recognition of the Truth that God is all.

Material things may come and go but the ideas back of externals always remain as living realities, capable of becoming manifest in this physical world. Train your spiritual vision to see only perfection and it will become so substantial in your consciousness that it will take form in your body and affairs also.

Myrtle Fillmore

The treatment is to turn one's attention to God, the indwelling Lord, with the happy assurance that all old, disappointing things are dropping away and the healing, peace-giving, joy filling, prospering ideas of God's love, life and substance are filling the mind and heart, quickening new energies in the body and affairs.
