Presence

**The kingdom of God is established
in you the very moment that you
begin to contemplate His presence
and His power within you.**

Joel Goldsmith – *Practicing the Presence*

All there is responds to a word of praise. God responds. We respond. Everything responds. The whole world sparkles, quivers, comes alive. Things vibrate and are quickened. We vibrate and are quickened. Heaven and earth are in tune with us, and we are in tune with them. When we give praise, everything wants to give in return. Everything wants to do things for us.

James Dillet Freeman – *Prayer: The Master Key*

We pray without ceasing when we refer the events of life to God. We do this by acting all the time, as much as we are able, with courage, faith, love, power and intelligence. Faith may be standing firm or daring to step out. Courage may be going forward when we would rather have gone back or standing still when we would rather have run away. Love may be giving a gift we would rather have kept for ourselves or binding up wounds, sometimes wounds we cause. Intelligence may be thinking clearly, listening quietly, or seeing through facts to the truth. Give yourself to a creative purpose. Let your mind and hands be absorbed in bringing forth some good thing.

James Dillet Freeman – *Prayer: The Master Key*

**In all your ways, acknowledge Him
and He will make your paths straight.**
