

The *Colors of Spirit* WHITE

Crown Chakra

A dramatic sky with sunbeams and a forest silhouette. The sky is filled with dark, heavy clouds, and bright sunlight breaks through, creating a series of powerful, golden rays that fan out across the scene. The bottom of the image shows a dark, silhouetted line of trees against the lighter sky.

The illiterate of the 21st century will not be those who cannot read and write, but those who cannot learn, unlearn, and relearn.

Alvin Toffler, Future Shock

I realized that the story of ourselves as told by science—our cosmology, our religion—was incomplete and likely flawed. I recognized that the Newtonian idea of separate, independent... things in the universe wasn't a fully accurate description. What was needed was a new story of who we are and what we are capable of becoming.

Dr. Edgar Mitchell

From now on you need never await temporal attestation to your thought. You think the truth. You do not have the right to eliminate yourself. You do not belong to you. You belong to the Universe. Your significance will remain forever obscure to you, but you may assume that you are fulfilling your role if you apply yourself to converting your experiences to the highest advantage of others.

Dr. Buckminster Fuller

**Day by day, day by day,
Oh dear Lord, three things I pray:
To see thee more clearly,
To love thee more dearly,
To follow thee more nearly
Day by Day.**

From Godspell

A bright sun shining through a blue sky with large, white, fluffy clouds. The sun is positioned in the upper center, creating a lens flare effect. The clouds are scattered across the sky, with some larger, more prominent ones in the lower half.

Become a Buddha, not a Buddhist; become a Christ, not a Christian. One implies an awakened state of consciousness, the other a dogmatic approach to life.

“God” is too big for one religion. Love and quantum physics are my religion. At one level, all religious traditions have the same aim—to transform the individual into a positive being... All rivers lead to the same ocean.

John Lennon

**Buddha left a road map. Jesus left a road map.
Krishna left a road map. But you still have to
travel the road yourself.**
