**The Universe pays me  
to live from my heart.**

**The universe acts in dynamic reciprocal. Nothing stands still. The flows of our life situation, money, romance, our health, are all mirrors of our flow of energy in harmonious interaction with our field of existence. Our bodies, our minds, our thoughts, are all in constant and dynamic exchange with the forces of the universe. We are able to accelerate or maintain this exchange by giving what it is we wish to receive.**

**Give and it will come back to you,  
good measure, pressed down,  
shaken together and running over,  
it will be poured into your lap.**

Luke 6.38

**The one who can control his thought can have and do what he wishes to have and to do; everything is his for the asking. He must remember that whatever he gets is his to use, but not to hold. Creation is always flowing by and we have as much of it as we can take and use; more would cause stagnation.**

Ernest Holmes – *Creative Mind & Success*

**The stream of abundance expands proportionately to satisfy the ever-increasing requests, not only keeping perfect pace with the requests but expanding because of them. You are never deprived when someone else gains because abundance expands proportionately to match desires. When the success of another makes your heart sing, your resistance is gone and your own success soars.**

Esther Hicks – *Getting into the Vortex*

**I cannot outgive  
infinite supply.**

**Anything that is of value in life only multiplies when it is given. If through the act of giving, you feel you have lost something, then the gift is not truly given and will not cause increase. The intention should always be to create happiness for the giver and receiver, because happiness is life-supporting and life-sustaining and therefore generates increase.**

Deepak Chopra – Seven Spiritual Laws of Success

**Spirit is the strongest (and only real) currency. Keep the current of spirit flowing throughout your day and your needs will be met. Don't just make a living: make a life. Universal prosperity principles are simple, consistent, and always within your ability to use for your benefit and that of others.**

*Alan Cohen – Relax Into Wealth*

**I see all things  
working together  
for your highest good.**

**I will think “give” today.**

**The givers are convinced that life is a giving process. Thus, their subtle motivation in all their ways is to give themselves away, in love, in service, and in all the many helpful ways they can invest themselves. They are always secure, for they intuitively know that their good flows from within.**
