

The background is a deep blue and green digital space. A central point emits a dense array of white and light blue lines radiating outwards, resembling a starburst or a data visualization. The background is filled with a grid of small, glowing squares, some of which are slightly offset, creating a 3D effect. There are also scattered white and blue particles, giving it a starry or particle-like appearance. The overall color palette is dominated by teal, blue, and green, with white highlights.
