

OPEN-MINDED *about Possibilities*

**God, the infinite consciousness
of the Universe expresses Itself
as me, as everyone.**

John Randolph Price – Nothing Is Too Good To Be True

What Is God Expressing?

God is **MIND**...filling all space.

God is **SPIRIT**...filling all space.

God is **SUBSTANCE**...filling all space.

God is **POWER**...filling all space.

God is **LOVE**...filling all space.

God is **THE ALL**...filling all space.

There is no place where God leaves off and something else begins. It's the Source of everything we could possibly desire in life. There are no problems that haven't already been solved, no needs that haven't been met. The Knowing Vision is one of lavish abundance, a flawless physical system, ideal relationships and fulfilling creative self-expression. Nothing is missing for a whole, complete, and joyous life.

John Randolph Price – *Nothing Is Too Good To Be True*

Genius is just attention to something specific. The Law of Attraction makes it happen. Anyone who gives attention to any subject for a period of time will evolve in the direction of that understanding.

Abraham-Hicks

To allow the imagination to drift in
daydreams never brings anything to pass.
Ideas must be worked up into living,
breathing, thinking things.

Charles Fillmore – *Twelve Powers of Man*

Use Power to Control Thoughts

Competition? ...There's enough for all.

Don't know how? ...I can learn.

Failed before? ...Look for a new way.

It's impossible! ...Already done in Mind of God.

My experience has been... Spirit has solution.

Take the time to line up the Energy first, and action becomes inconsequential. If you don't take the time to line up the Energy, if you don't find the feeling place of what you're looking for, no amount of action in the world will make any difference.

Abraham-Hicks

Since the tapestry of all time has already been woven, everything I could ever want to happen in my life already exists in that infinite, non-physical plane. My only task is to expand my earthly self enough to let it into this realm. So if there's something I desire, the idea isn't to go out and get it, but to expand my own consciousness to allow universal energy to bring it into my reality here.

Anita Moorjani – *Dying To Be Me*
